

Board of Directors' Discussion and Analysis Report for the Listed Public Joint Stock Company

Date	13 August 2026																				
Name of the Listed Company	Gulf Pharmaceutical Industries PSC Julphar																				
The period of the financial statements covered by the report	H1 2026																				
Overview of the main results during the financial period	1. Revenue Performance: Revenue from continuing operations reached AED 573.7 million in H1 2026, representing a 4.7% increase compared with H1 2025. Growth was primarily supported by stronger performance in the UAE and other GCC markets, which offset lower revenue from other international markets. 2. Market Performance & Regional Challenges: Despite regional geopolitical developments, global supply chain disruptions, inflationary pressures, and higher logistics and material costs during H1 2026, Julphar maintained a cautious and flexible approach focused on business continuity, effective risk management, and supply chain diversification. These measures, together with stronger performance in core GCC markets, operational efficiency initiatives, and an improved product mix, contributed to the increase in revenue compared with the same period last year. * Net revenue from continuing operations by region: <table><tr><th>Geographic information</th><th>H1 2026</th><th>H1 2025</th><th>YoY Change</th></tr><tr><td>UAE</td><td>240.6</td><td>208.6</td><td>15.3%</td></tr><tr><td>Other GCC countries</td><td>181.6</td><td>159.5</td><td>13.9%</td></tr><tr><td>Other countries</td><td>151.5</td><td>179.8</td><td>-15.7%</td></tr><tr><td>Total</td><td>573.7</td><td>547.9</td><td>4.7%</td></tr></table> 3. Gross profit growth: Gross profit from continuing operations increased by 18.3%, reflecting improved product mix and operational efficiency measures during the period. 	4. EBITDA Growth: EBITDA from continuing operations increased by 84.7% to AED 86.8 million, compared with AED 47.0 million in H1 2025. 5. Net income from continuing operations reached AED 56.2 million, compared with AED 5.6 million in H1 2025. The increase reflects improved operating performance from continuing operations during the period. 6. Strengthening Financial Position: Following the debt restructuring completed in 2025, Julphar maintained a stable financing position during H1 2026, with total loans including current and non-current portion and other interest-bearing debt of AED 263.8 million as at 30 June 2026. The company continued to manage liquidity and financial flexibility in support of its operational and strategic requirements. 7. Julphar continued to focus on the following areas during H1 2026: Expanding Market Share: Maintaining performance across core private and tender markets, supported by stronger performance in key GCC markets. Enhancing Operational Efficiencies: Continuing cost optimization and operational efficiency initiatives to support financial and operational performance. Advancing New Launches: Progressing selected new product launches and strengthening the pipeline to support portfolio competitiveness and revenue diversification.
Securities issued during the financial period	AED nil
Summary of the most important non-financial events and developments during the financial period	- During H1 2026, Julphar launched four new products representing eight SKUs in the UAE and completed sixteen international registrations outside the UAE to support portfolio expansion and market access. - In KSA, Julphar continued to progress the new manufacturing facility investment project, including licensing activities, in-house R&D workstreams, and pipeline expansion with selected biotechnology and specialty products.
